# INTERNATIONAL QUALITY & PRODUCTIVITY CONVENTION (IQPC) 2026

## ABOUT THE CONVENTION

The International Quality & Productivity Convention (IQPC) is a prestigious event where international and national companies, universities, and non-profit organizations come together to showcase their successes and exchange experiences in improving quality and productivity. This is a unique opportunity for participants to demonstrate their own productivity improvement journeys and to learn from the best practices of other teams. This year, for the third time, the event will be held in The Berkeley Hotel, Bangkok - Thailand from 14-16 September 2026.

In the face of the dynamic and challenging business landscape in ASEAN, this year's theme, "Driving Resilience and Sustainable Organizational Excellence," is particularly relevant. It is more than just a slogan—it is a call to action for driving a strong and adaptive foundation for any organization. Resilience is crucial for navigating economic fluctuations, regulatory shifts, and technological disruptions, enabling companies to not just survive but also recover and grow from crises. By joining this event, the participant will also gain valuable opportunities for benchmarking with leading organizations and networking with innovators and quality professionals from around the world.

## ABOUT THE ORGANIZER

IQPC organized by Indonesia Quality & Productivity Management Association (IQPMA) in collaboration with Wahana Kendali Mutu (WKM) supported by The Association of QC Headquarters of Thailand (QCHQ), The Philippine Society for Quality (PSQ) and Malaysia Productivity Corporation (MPC).

## WHO SHOULD PARTICIPATE

1. Companies: Both international and national firms, from any industry, that want to showcase their improvement projects and benchmark with other top-performing organizations.
2. Universities & Academics: Researchers and educators looking to present new findings, exchange knowledge, and connect with industry professionals.
3. Non-profit Organizations & Government Agencies: Groups from the public and non-profit sectors aiming to demonstrate their quality initiatives and learn best practices.
4. Quality & Productivity Professionals: Individuals such as quality managers, process improvement specialists, and innovation leaders who want to expand their expertise and network with peers.
